Published every evening, Sunday excepted, by the Tonopah Bonanza Printing Co., Incorporated.

MEMBER ASSOCIATED PRESS MEMBER NEVADA PRESS ASS'N

W. W. BOOTH, EDITOR AND MANAGER

Terms of Subscription by Mail for Daily Bonanza:
 One Year, \$12.00
 Six Months, \$7.00
 Three Months, \$4.00
 One Month, \$1.00
 One Week, .30
 Delivered by Carrier, \$1.25 per Month.

TO SUBSCRIBERS.

Parties who do not receive their papers, or who have any cause for complaint, will oblige The Bonanza by notifying this office.

REWARD.

A reward of \$10 will be paid for information that will lead to the arrest and conviction of parties stealing The Bonanza from subscribers.

All legal advertisements will be charged for at the rate of \$2.00 per square for the first insertion. There will be no exception to this rate. No affidavit of publication will be made until the advertisement is paid for.

No advertising cut, one square inch or smaller, will be accepted unless made of metal. No wood base cuts will be used. Wood cuts are dangerous to forms and press.

Entered at the postoffice in Tonopah as second-class matter.

NOW IS THE ACCEPTED TIME

THE tremendous activity in one of the Tonopah securities, beginning yesterday morning and still continuing, is ample evidence that the investing public has its weather eye open for developments in this camp.

There is a reason. Tonopah has always played fair. There has been little or no wild catting done here, it being refrained from even in the early days when questionable flotations were put forth in all the neighbor camps. Tonopah promoters have spent their money in the ground. Some of them have rewarded their backers with millions of dollars in velvet money. Some of them have failed, honestly, honorably failed, and the people who stood back of them and furnished the money for exploration, feel no animosity against them, for they know that they made a strenuous, intelligent and sincere effort to develop lenses of ore and the same backers will back the same promoters again.

But, to revert to the interest that developed yesterday morning in a Tonopah property. It was one based upon an actual find, the extent of which is not yet determined. There will be other finds made and other interests developed, more dividends paid and more advances in valuations. It is a splendid time for the holders of Tonopahs to sit tight and to average down their investments by increasing their purchases before the inevitable advance all along the line is begun.

TIME IS RIPE FOR RECALL

IF THE fire during the hurricane last night had started on the west side instead of the east side of Bryan avenue, it would have swept a large portion of the city, including some of its most valuable residence property. The county commissioners, Marsh, Davis and Ferguson, and District Attorney Sanders, their adviser, should be recalled at once for their failure to provide fire protection for the city.

It is true that they are making a bluff at having a high pressure system installed, but they took the wrong method, namely endeavoring to compel the Water Company of Tonopah to go to heavy expense to construct the necessary plant without receiving remuneration therefor. The commissioners have no more right to command the Water Company of Tonopah to go to this expense than they have to call upon the Spring Valley Water company of San Francisco. The town should be made to pay for its protection and it would be perfectly willing to do so.

Tonopah might easily have suffered the most disastrous fire in its history last night and if it had the commissioners and their legal adviser would have been wholly to blame. The paid firemen and volunteers worked heroically and by their personal efforts saved the loss of hundreds of thousands of dollars' worth of property. The commissioners have done nothing but try to run a big bluff. Now is the time to recall them from office.

JUST ONE MORE WORD ABOUT TARVIA

IF THE business houses in Tonopah were not confined almost exclusively to Main, Brougher, Erie Main and Florence, patronage would be withdrawn from them in favor of streets that were not coated with the detestable tarvia. Last evening Tonopah experienced a veritable gale of wind and the filthy dust penetrated everything, injuring garments, clogging lungs and making hands and faces filthy. The sensation was sickening as the tarvia dust swirled through the streets.

It was suggested by a visitor to Tonopah who had an experience with the dust while walking from the theater to the hotel, that the "Tarvia Kids" be halted to snubbing posts, their jaws pried open and be compelled to inhale the stuff they imposed upon Tonopah. but it happens that only one of the Kids resides in the town. The other two are rambling through the hills and they are not compelled to suffer for their folly, while the resident commissioner is believed to have a grudge against the village anyway.

PUBLIC AND PRIVATE ECONOMY

THE people of the state should appreciate that governmental efficiency and economy in their own personal concerns. It vitally affects their interest and involves the future prosperity of themselves and their children, whether or not they now happen to be direct taxpayers. The ultimate effects of improvidence, waste and extravagance in public expenditures reach every citizen, and in fact, are always more injurious to the wage earner and those of small means than to any other class in the community."—Governor Whitman of New York.

WHY THE FIFTEEN CENTS?

THE taxpayers of Nye county are already mad and are getting madder. They want to know by what right the commissioners after the tax roll had been forwarded to the Nevada Tax Commission, met in dark lantern session and put fifteen cents more on the general tax fund. Assessor Slavin, as stated yesterday, added more than a million dollars to the valuation roll and it was further boosted about a million dollars by the commission. If there were to be a new courthouse erected, a few bridges built or something done with the miserable roads that only nature is responsible for making passable, there would be an excuse. The fact of the matter is that the

county dads are conducting a most ruinously exorbitant system, the money going here, there and everywhere, but principally "here." There must be an accounting. There must be publicity. The Bonanza will take upon itself the duty of finding out. The good people of Nye county will not be robbed if there is any way to prevent it. Watch our smoke during the next few days and get on the recall bandwagon. The present conditions are a disgrace and are unbearable.

WHO INTERPRETS THE ORDINANCE?

CAMPBELL & KELLY have been paying \$10 a quarter for conducting their business. Ordinance 4 says that this is the amount they should pay. Now, how in thunder are they being sued for \$5 for the past quarter? Who makes and who construes the ordinances of Tonopah? The house of cards is about to fall and some fellows we might name will land like a ton of lead when the edifice does collapse. Their initials spell D. F. M. S.

WILL TAKE IT OUT FOR SOME TIME

FOOD and munitions of war constitute the exports which have given this country its record balance of trade. Imports have decreased, but they are in the main products which enter into our manufacturing business. It has been argued that the war would give this country new markets for manufactured goods and to a very great extent decrease manufactured imports, thereby saving our markets for our own people. Neither of these hopes has come true. We have no new markets except for war material. We are importing manufactured goods which compete with our own product. The customs revenues have been severely cut, though the officials are interpreting the tariff laws to make foreign goods pay the outside tariff. Already sane Democrats are proposing a tariff commission to take the tariff out of politics. President Taft tried that and the opposing party did away with the commission. It is too late to propose taking the tariff out of politics. The protectionists will take it out for some time by electing a Republican president and a Republican congress.

CLIPPED AND CREDITED

A great many desirable traits were left out of the composition of Carranza to make room for stubbornness.—St. Louis Globe-Democrat. Carranza insists that he is the whole thing in Mexico, and probably nobody but Funston can change his opinion.—Portland Oregonian.

A president of Hayti elected under the protection of American guns may last out his term if the guns do.—Philadelphia Public Ledger.

Texas has 753,000 mules.—Detroit Free Press. Why not line them up on the south border with their heads this way?—Nashville Tennessean.

Why all this talk about the 10-cent brand of baseball? What else has Cleveland or Cincinnati been having right along?—Boston Advertiser.

The most fragile thing in the world, in the hands of either Bryan or Roosevelt, is silence. Neither can keep from breaking it.—Memphis News-Scimitar.

"A brush to clean the baby's tubes" and "a Balkan plaster" were among the requests made to a Fifehire chemist the other week.—London Chemist and Druggist.

Those Mexicans who are said to have planned to capture a large section of the Brownsville country showed that the fools are not all dead yet, but several of them are.—Dallas News.

EVERY NEVADA COUNTY HAS SUNDAY SCHOOLS

Dr. Rush E. Crissman, general representative of the lower coast district of the American Sunday School union, left on the 11:25 o'clock train for Los Angeles last night after having been in Nevada for a few days in the interest of the work. The object of the American Sunday school union is to establish and maintain Sunday schools and to publish and circulate moral and religious publications. In the last eight months the association has established Sunday schools in every county in the state of Nevada.—Gazette.

RICH STRIKE MADE AT THE GEM MINE

H. H. Sheldon visited the old Gem mine, 17 miles south of town, last Sunday, says the Winnemucca Silver State. Last week a new ledge was discovered on the property, which Superintendent Kershaw stripped for a distance of 40 feet, disclosing a vein of silver ore from 4 to 6 inches in width for the entire distance. Assays return values of \$217 a ton, mostly silver.

TEMPERATURE REPORT

Highest temperature yesterday, 84; a year ago, 80.
 Lowest temperature last night, 59; a year ago, 59.

HAVE BONANZA SENT TO SUMMER ADDRESS

Residents of Tonopah who are preparing to leave the city on their annual vacations may have the Bonanza forwarded to them at their summer addresses without any extra charge. Notify the circulation department when the change is desired and the paper will be forwarded promptly. Subscribers should advise the Bonanza of their return to the city so that the paper may be delivered at their home address.

WILLARD HAS SIX MINE MAKING CHANCES

T. G. Davis, mine operator from Willard, is in Winnemucca today. Mr. Davis has charge of the Cole-Malley-Oddie lease on the Honey Bee estate, and has other interests in Willard. Speaking of the district he predicts a long-time mine production. "As a whole the district is one of merit," said Mr. Davis, "and for showings from amount of work done I know of none that compare with Willard. It is true the district wants development and facilities to handle the ore. A half dozen showings in the district are good and show bodies of ore that can be worked with profit. The most advanced showing of the district is on the Honey Bee, owing to the larger and better work done there. Willard is co-equal with Rochester, and the results there are to the effect that mining pays."—Humboldt Star.

LAUNDRY BURNS AT NOON

The Violet laundry, located just south of the Western Pacific tracks and back of the business portion of the town, caught fire at about 12:45 o'clock Wednesday afternoon and the contents of the building were completely destroyed by fire and water. The fire apparatus was rushed to the scene of the blaze with commendable quickness and there was a fair pressure, so the fire was prevented from spreading to adjacent buildings.—Elko Free Press

Capital, \$100,000.00

ANNOUNCEMENT

The following prices f. o. b. Detroit, effective August 2, 1915:

Ford Runabout	\$390.00
Ford Touring Car	440.00
Ford Town Car	640.00

No speedometer included in this year's equipment, otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to August 1, 1916.

Profit-Sharing with Retail Buyers

On August 1, 1914, we made the announcement that if we could make and sell at retail 300,000 Ford cars between Aug. 1, 1914, and Aug. 1, 1915, we would share profits with retail purchasers to the extent of from \$40 to \$50 on each car.

We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay. Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date. We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September and October, 1915.
